The Science, Maths and Computer departments joined hands to put up a spectacular event-STEAM

It was not only a celebration of the learners' curiosity but also an evidence of the holistic education that is being provided to our learners. **Dr. Nisha Peshin, Director Public Schools-II, DAVCMC was the chief guest for the event.** She applauded the fact that the school doesn't just talk about multidisciplinary and interdisciplinary concepts as abstractions; it lives them up-in every subject, in every classroom! **School Manager Ms. Sneh Verma also graced the occasion.**

The event was **conceptualized by Principal Ms. Reena Rajpal** who believes that students learn best when they get involved in their own learning. Using languages, creative and performing art, the students of classes 6-10 **presented close to 100 projects discussing the concepts of Science and Maths, Technology and Engineering.** During this process they also picked up vital 21st century skills like Critical thinking, Creativity, Collaboration, Communication, organization, problem solving. The entire event also **authenticated the commitment of the school in adhering to the principles of NEP 2020 and United Nations Sustainable Development Goals.**

Learning happens best when it is experiential and hands-on. ***The Social Science Department of our school put together a simulation of the legislative proceedings- Youth Parliament-*** a tool to promote understanding of the working of government. ***Mr. Yogesh Verma, Leader of House, North MCD, Ms. Mamta Nagpal, Ex Councilor, Shalimar Bagh were the esteemed guests*** and praised the students and teachers for the excellent presentation. The program enhanced the learners' understanding about roots of democracy, inculcated healthy habits of discipline, tolerance and enabled them to know about the practices and procedures of the Parliament. It also provided a platform to the students to form and express their opinions on public issues, develop leadership skills and team work. Some of these students also participated in MUN held at DAV Mausam Vihar and won the ***best school delegation award***.

The school joined hands with the nation to celebrate ***Azadi ka Amrit Mahotsav*** to commemorate 75 years of progressive Independent India, the glorious history of its people, culture and achievements.

For the Independence Day function, our entire campus was dressed up beautifully in hues of the tricolor, proudly contributing to the '***Har Ghar Tiranga***' campaign. Principal, Ms. Reena Rajpal hoisted the National flag along with the guests followed by a presentation by the School Marching band. A cultural program was then staged by different wings of the school which infused patriotic fervor in every citizen present in the school. Fancy dress shows, solo and group song performances, dance presentations enthralled the guests and students alike. The highlight of the event was the ***street concert*** in which the School Choir sang patriotic songs passionately. ***Mr. Tilakraj Kataria was the Chief Guest*** for the function. The event ended with an ***inspiring motivational talk by Mr. Rajeev Kharyal*** from TATA Power.

A mega ***Education fair-Infinity 6.0*** was organized on September 27 for the students and parents of classes X-XII. In the sixth version this year, the students of neighboring schools too visited the career fair and benefitted from the available information.

Tying up with an external organization, the school put together close to ***30 hugely informative sessions from renowned organizations, state and private universities***. The experts reached out to the students giving them a glimpse into the benefits, perks, admission process, fee structures and other necessary details. The students also received ***hands-on guidance and advice from the official representatives*** of various Indian and Foreign Universities.

Leadership is the capacity to translate vision into reality and to inculcate this value of leadership among the students, we organized the **Investiture Ceremony**. In the oath taking ceremony, Madam Principal administered the oath and sensitized the council members about their duties and how critical it was that they take the mantle of responsibility with sincerity and earnestness.

We celebrate art, each day, every year through a wide variety of co-scholastic activities that bring joy to the process of learning. But we also have one special annual art fest that is dedicated to the celebration of Creative ART- we organized the **fifth chapter of Bohemia** very successfully which saw massive participation by schools of Delhi.

Celebrating **Teachers' Day**- Madam Principal was felicitated on receiving the Savitribai Phule Sanman for Empowering the Youth. Other staff members were also felicitated for their remarkable contributions. Several interesting and stress busting activities were organized for the staff members which rejuvenated them.

Students and teachers of Classes III- V organized an **exhibition** where they put on display the projects done during Holidays. The exhibit was hugely appreciated by the parents.

The students and teachers performed a Havan in the school campus to mark the **42nd Foundation Day**. A special program was organized- **Share a Smile**- in which the underprivileged children were given books and uniforms.

EVENTS

Tiny tots of *Nursery and Pre-Primary* marked several occasions with their enthralling performances on Gandhi Jayanti, Independence Day, Diwali, Earth Day, Energy Conservation Day.

Learning was made fun as they participated in Story Presentations, Color Days and Rhyme Zone.

ATL lab of DLDV Model School, Shalimar Bagh, Delhi celebrated **ATL Community Day** on May 7, 2022. Around 30 children from Manthan Sampurna Vikas Kendra along with their teachers visited the lab and learnt about robotics and 3-D printer. They made 3 wheel and 4 wheel car, calculated speed by measuring distance and time and compared the speeds and understood the concept of friction. They also made soccer robots and played soccer match.

The school tied up with Delhi Police to organize a special **Self Defense training** for our girl students of classes 8-12. It was a 10 day training in which the girls learnt lessons in physical and mental toughness.

International day of older persons was observed on 1st October as students welcomed their Grandparents in school and made a beautiful presentation before them. Fun activities and games were also planned for them.

The Social Science Department of the school initiated an **Awareness Campaign on Environmental and Social Issues**. The students of classes 6th to 8th started the campaign by taking posters and placards in classes, drawing attention and creating awareness on themes of Climate Change, Water Conservation, Bullying, Wastage of food and Conservation of Environment. The aim of this campaign was to inculcate values and develop a positive attitude towards Sustainable Development Goals.

We organized a **KINDNESS DRIVE** in classes 6-8, to spread joy amongst the support staff of the school. Students gave them small gifts as tokens of gratitude. The aim of this gesture was to make everyone experience warmth, love and hope.

Diwali is the occasion of **sharing happiness** with others. On the eve of Diwali, the Primary wing of School distributed new school bags to the deserving EWS category students.

Personnel from **AIIMS & Red Cross Society** spread awareness about how oral health affects Heart, as well as about CPR training.

Aiming to provide an intense training on **"Learning Outcomes and Pedagogy"**, we hosted a **CBSE workshop that focused on development of "SMART" learning outcomes** in order to achieve competency based education where students are trained to become lifelong learners equipped with knowledge, abilities and required skills.

A team from the **Indian Navy also visited the school** to apprise the students of classes 9-12 about careers in defense services. The interactive session was both informative and entertaining.

A **workshop on screening and identification of CWSN** was conducted for all teachers of the Primary department so that corrective measures can be adopted for these students from a young age.

We also hosted yet another version of **PEP Accountancy** for the teachers of DAV Schools.

Our alumna **MAYANK SETHI** who is presently serving as public diplomacy and cultural associate with the Embassy of Denmark organized an **enriching mentorship session** to help students explore a career in International Relations, which is exciting and versatile, in this era of globalization.

Understanding the need of adolescents, we organized a workshop on "**Say No to drugs**" in association with Fortis hospital. Students were made aware about the impact of drugs on the nervous system of the brain and the "addiction life cycle graph".

School in association with Pratham institute planned a workshop for class XII students on 2nd August to guide them about **CUET** and provide them **clarity about general and domain-specific academic guidance.**

A **session on managing social and emotional issues after lockdown** was conducted for students to help them manage their mental health. The Resource person, counseling psychologist Ms. Varisha Kamal from Fortis hospital, guided students on ways to deal with their academic decline, lifestyle changes, difficulty in peer engagement and controlling their digital interface. This was part of a series of workshops that will be held in the coming months.
