Important Circular for Class IX

Circular No. 7/2018-19

Dated: 20.04.2018

Introduction of Vocational Course- Information Technology (Code 402) under NSQF at Secondary level from the Academic session 2018- 2019

Dear Parents,

This is to inform you that in order to upgrade the skills and proficiency of the young generation and also to provide them awareness to explore about various career options, the Central Board of Secondary Education has started offering various Vocational Courses in different sectors under NSQF (National Skills Qualifications Framework) at Secondary level.

As per CBSE guidelines, at Secondary Level, vocational subject may be offered as additional sixth subject along with the existing five academic subjects. If any student fails in any one of the three elective subject (i.e, Science, Mathematics and Social Science), then it will be replaced by the Vocational subject (offered as a 6th additional subject) and result of Class X will be computed based on best five subjects. However, if a candidate desires to reappear in the failed subject, he/she may appear along with the compartment examination.

It is important to note that NSQF is a quality assurance framework. Under this framework, the learner can acquire the **certification for competency** needed at any level through formal learning.

In cognizance of this, the school has decided to offer Information Technology (Code 402) as vocational subject under NSQF scheme to class IX students from the academic session 2018-19 which will continue in Class X for academic session 2019-20.

Since special procedural knowledge and skills will be imparted to the students, nominal course fee will be charged w.e.f. July 2018.

Looking forward to your cooperation and positive support as this endeavor will enable your wards to excel and emerge successful in real situation at both work and life.

Mrs. Reena Rajpal
