Advisory for Van students

Dated: 14.04.2018

Dear Parents,

We had issued an advisory regarding the safe travel of children in vans and wish to inform you that many of the points mentioned in the advisory have still not been heeded to. We once again request you to make a note of the following points and take suitable action immediately:

1. Parents must ensure that mode of transport arranged by them viz. private vans; auto rickshaws etc. are absolutely safe for children.
2. Parents must avoid using transport services from vehicles not having valid license or permit to carry the school children.
3. Parents should check antecedents of van driver and ensure police verification be got done at their end.
4. Also, please note that the vans are generally overloaded and the drivers sometimes drive recklessly which may result in mishaps. The drivers of some vans are not adhering to the school timings both in the morning and the afternoon.
5. Parents must instruct the van drivers not to allow any unauthorized persons into the vehicle. No child should be allowed to get down anywhere on the way other than the place of residence from where the child was picked up.
6. **Parents must instruct the van driver to open only one door of the van for the children to get down. The door facing the road must remain locked.**
7. **The van driver must ensure that the children are not left unattended while waiting for the van.**
8. A parent should accompany the driver in such vehicles daily so that safety of their wards can be ensured. They can share this duty among themselves. If this is done on a rotation basis, the van drivers will be forced to follow the rules judiciously.
9. We advise you to use school buses for the safety of your children. **Please note the transportation of children in vans is the sole responsibility of the parents.**
